guidance on page 2 of the file will be altered slightly. As you prepare your file for the August submission deadline please be sure to make note of these changes.

Reminder: Discipline Incidents and Truant Data Quality Outreach

PSC sent outreach to states last month requesting a review of data quality issues identified in their SY2010-11 and SY2011-12 discipline incidents (C030/DG523) and truants (C163/DG664) data. In addition, states are asked to verify that SIG schools missing from both these files can be interpreted as zeros. Data was to be verified and resubmitted to ESS, if necessary, by July 8th, 2013. If your state has not addressed this outreach, please do so and contact PSC immediately.
